

FOR PROSPECTIVE ENGAGEMENTS

# Discovery Brief.

## *Five questions, plain text.*

Complete the five sections below and email to **sheraz@3verest.com**. The Chief of AI responds in writing within one business day, with a tailored architecture sketch. The questions are the questions Bifrost cares about.

### 1 · IDENTIFICATION

#### Who and where.

Organisation:

Audience:  provider  software vendor  integrator

Jurisdiction:  AU  UK  EU  CA  US  other: \_\_\_\_\_

Person responsible for the build:

### 2 · WORKLOAD

#### What is the first application to be built on Bifrost?

*Three sentences. Include the clinical or operational outcome it is meant to produce.*

### 3 · CLINICAL CONTEXT

#### Which sources will the application reason over?

EHR / clinical notes  PACS / imaging

LIS / labs  pharmacy / medication

documents / PDFs  device telemetry

other: \_\_\_\_\_

### 4 · SCALE

#### Approximate scale in year one.

Users:

Request volume per day:

Latency tolerance:  interactive (under 2s)  batch (minutes)

### 5 · TIMELINE

#### When and what is at stake.

Target month for first inference in production:

Existing constraints (audit, partner go-live, board commitment):

*That is all. Send to **sheraz@3verest.com**.*
